1 IPEDS (Integrated Postsecondary Education Data System) is a set of interrelated surveys conducted annually by the U.S. Department of Education. It collects information from all colleges, universities, and technical or vocational institutions participating in federal student financial aid programs.

2 Students are listed by the college of their primary program or major for the given term.

3 The College of Health Professions refers to the combined College of Health & Rehabilitation Sciences and the McAuley School of Nursing. In fall 2025, the former College of Health Professions was renamed the College of Health & Rehabilitation Sciences. Moving forward, these two colleges will be treated as a single entity referred to as the College of Health Professions to align with historical practices and the organizational structure.

4 In fall 2024, the College of Liberal Arts & Education was renamed the College of Humanities, Arts & Social Sciences.

5 HS Dual Enrolled, Detroit Green Technology Institute & Dental students in the Certificate - Advanced Education General Dentistry are not charged a traditional tuition rate. Totals are shown excluding these groups to align with financial reporting.

6 All data is as of the census date each term and cannot be altered.
